PROFILE

UNIVERSAL ENGINEERS and manufacturers Produce spare parts for construction equipments such as BATCHING PLANTS, TRANSIT MIXERS, CONCRETE PUMPS, EXCAVATORS, MINING MACHINARIES and all types of HYDRAULIC Equipments.

The company's core competence is in the field of Ready Mix Concrete, offering various spare parts of wear resistant, mechanical and hydraulic spares parts for Batching plant, Transit Mixers and Concrete Pumps of various brands.

Two decades of expertise and market presence, we are continuously progressing and upgrading our stocks to fulfil customer requirements. We constantly expand our manufacturing capacity and inhouse research to meet the highest quality and standards.

Competitive in pricing and maintaining our stock to provide critical spares used in readymix concrete machinaries.

Immediate Requirement? YES!

We have the Spares. Our Online presence provides access to our various products based on categories. Order Now! Get it delivered at your doorstep!

Our strict compliance in quality & standards, we provide solutions and manufacture products as per customer specification and requirement.

We also provide end to end support in equipment repairs and maintenance.

**OUR PRODUCTS ARE
WIDELY ACCEPTED
BY ALL CONSTRUCTION**

PRODUCTS

UEM Twin Shaft Mixer

Features

- Excellent Shaft Sealing System
- Heavy duty design
- Capacity 0.5 & 1.5 Cubic meter
- Even water distribution
- Automatic Lubrication Pump
- Best excellent choice for faster production
